MCES Industries, LLC specializes in formally training our staff to provide janitorial and environmental cleaning services, tailoring solutions to meet diverse project requirements. Our aim is to become an industry leader by setting exceptional standards for professional cleaning, ensuring top-tier service delivery both consistently and economically. MCES focuses on providing comprehensive janitorial and environmental solutions for **state, local, and federal government agencies, as well as commercial facilities.** Our goal is to train safety first to assure that we are **cleaning and disinfecting** efficiently in a sanitized environment to industry standards.

Differentiators

- President is **CIMS Certified Expert, T-CHEST, T-CSCT and C.P.T**
- MCES prides itself on using **eco-friendly** cleaning products as an **ISSA CIMS GBAC** through Davolt Community Advocacy.
- MCES is knowledgeable in **ISSA, T-CHEST, T-CSCT, C.P.T. levels of cleaning** techniques for all types of commercial industries as well as hospital and critical care facilities.
- MCES recruits, hires and train individuals with **disabilities, youth transitioning out of care and Veterans transitioning back into the workforce.**
- MCES provides **Job Coaching**
- **Certified in Ethics in Federal Government Contracting and Compliance**
- Establish systems for monitoring quality performance and practical feedback to ensure MCES meets objectives.
- Experience in passing **Joint Commission on Accreditation of Healthcare Organizations (JCAHO)** inspections and random **3rd party inspections** of environmental cleaning facilities.
- MCES has MOUs with other community partners to enhance hiring.
